

Sacred Heart Alpha Phi Establishment Timeline

"As a founding member at the University of Arkansas, I experienced the unwavering commitment of Alpha Phi to foster growth and empowerment among its newest chapters and members. I found a network that supported and inspired me, nurturing not only my personal development, but also instilling the values of unity and sisterhood. Serving as the founding president of our chapter molded my confidence and leadership skills essential for success beyond my undergraduate years. Being a member of Alpha Phi has changed my life, and I hope that Sacred Heart students get the same opportunity I have had to be a founding member of Alpha Phi."
